Building a Trades Talent Pool

The PHCC GA Academy supports building the future of the trades through community and industry partnerships to reach the following groups:

- Middle & High School Students
- Adults in Career Transitions
- Military Veterans
- Unemployed and Underemployed
- Disadvantaged Youth & Adults

Curriculum Excellence

The PHCC Georgia Academy follows the PHCC National Educational Foundation's four-year series of textbooks for its plumbing and HVAC/R training programs, which are recognized by the U.S. Department of Labor, Office of Apprenticeship. The HVAC/R textbooks are also recognized by the Air Conditioning Contractors of America (ACCA) and Refrigeration Service Engineers Society (RSES). Both series of books are regularly updated by contractors, educators and industry experts, delivering the practical information needed to meet workforce training needs of our industry.

Preparing New Employees for Success

Membership in the PHCC provides a substantial costs savings on student tuition, as well as a variety of other benefits including networking, professional and business coaching, legislative representation, and other national educational and training resources.

Plumbing & HVAC Workforce Readiness | *FREE*

This online course provides individuals with an introduction to working in the plumbing-heating-cooling industry. It's a perfect way to help today's youth make decisions about careers in construction, as well as individuals changing careers, office staff needing more industry knowledge, and new employees working for wholesalers. During this six-module course, participants learn what is required to pursue a career in the construction industry as well as key skills and techniques to help them succeed.

Offered through the PHCC Academy®, this course was created by the PHCC Educational Foundation and developed by Adam Manley, PhD., Associate Professor of Career and Technical Education at Western Michigan University.

- *Students must complete the course in 60 days.*
- *Course Credential: Certificate*

Plumbing Pre-Apprentice Training | *\$29.00*

Also offered through the PHCC Academy, the Plumbing Pre-Apprentice online educational course is an affordable introductory course designed to help entry-level plumbing workers be productive as helpers and assist in determining an appropriate career training path. The course offers an in-depth introduction into plumbing definitions & principles, customer service & soft skills, safety, science & math, plumbing systems & products and troubleshooting fixtures & gas. During this seven-module course, participants will learn how to pursue a career in the plumbing industry, as well as key skills and techniques to help them succeed.

- *Students must complete the 7-module course in 4 months (120 days).*
- *Course Credential: Certificate*

Plumbing & HVAC/R Technical Training

Plumbing Apprenticeship | [Classroom](#) [or](#) [Online](#)

The PHCC GA Academy Plumbing Apprenticeship Program is approved by the U.S. Department of Labor, Office of Apprenticeship. Apprentices can be registered into the DOL's Rapids System based on contractor's needs (optional). Program provides apprentices a thorough understanding of the plumbing trade and prepares them to take the Georgia State Plumbing Licensing Exam to become Journeyman Plumbers in four years.

Fast Track to Service Plumbing™ | [Online Only](#)

Train technicians to be "truck-ready" in record time. the **PHCC National Educational Foundation's Fast Track to Service Plumbing** trains technicians in a self-paced and focused manor to be running in their own truck within 12-18 months or sooner (*based on time and enthusiasm*).

Designed for contractors by contractors, this comprehensive entry-level training is best for residential or commercial plumbing service and repair contractors. Supervisors receive a guide with suggested training activities.

This self-paced course includes 33 modules critical to the success of today's plumbing service and repair professionals. Topics include safety, customer service, plumbing and electrical work, basic business skills, and more.

Fast Track Students receive a Certificate of Achievement per module from the PHCC National Educational Foundation.

**Available Spring 2023:
Fast Track to HVAC!**

HVAC Apprenticeship | [Classroom](#) [or](#) [Online](#)

The PHCC GA Academy HVACR Apprenticeship Program is designed to provide a working knowledge of the latest tools, equipment and technologies for an HVACR technician to successfully fulfill his roles at a licensed contractor shop. It provides superior hands-on information needed to successfully maintain and troubleshoot today's complex heating, air conditioning, and refrigeration systems. Program fosters a solid foundation and understanding of environmental problems and their solutions, and displays a depth of theory, diagnostics, and repair procedures.
