

Create a Vision of Safety

Create or Improve Your Company's Safety Program With Help from PHCC of Georgia Safety Experts

The PHCC of GA Safety Committee is comprised of experienced safety experts wanting to help you make safety a priority – for your employees, customers, and the construction industry in the Great State of Georgia.

The PHCC of Georgia Safety ROPES Program was created to help companies of any size create a vision of safety. Through a series of questions, our Safety Committee carefully reviews your safety processes to ultimately **Recognize Outstanding Proactive Efforts in Safety**. Designed to help improve safety protocols, ROPES aims to:

- Develop and Improve our Industry's Safety Culture.*
- Understand & Share OSHA Requirements.*
- Ensure the Safety of Employees & Customers.*
- Recognize our Members' Exemplary Safety Procedures.*
